## Career Objective

I am a motivated BCA student with beginner-level knowledge in web development and IT support. I am learning and practicing HTML, CSS, Tailwind, JavaScript, Node.js, Express, MySQL, and MongoDB. I am eager to grow my skills, contribute to projects, and gain practical experience as an IT Intern.

## Skills

**Front-End:** HTML, CSS, Tailwind CSS, JavaScript, Basic React

**Back-End:** Node.js, Express.js

**Databases:** MySQL, MongoDB, Mongoose

**Tools & Technologies:** Postman, Thunder Client, Git & GitHub, VS Code, Photoshop

**Hosting:** Render, Railway

## Projects

### 1. CRUD Operation App

- Created a simple CRUD application using Node.js, Express, and MongoDB/MySQL.
- Implemented Create, Read, Update, Delete functionality with clean UI.

*Technologies: HTML, CSS, JavaScript, Node.js, Express.js, MySQL*

### 2. Personal Portfolio Website

- Designed and hosted a personal portfolio showcasing my skills and projects.
- Responsive design with Tailwind CSS and deployed on Render/Railway.

*Technologies: HTML, CSS, Bootstrap, JavaScript, Node, Express, MongoDB*

## Education

### Bachelor of Computer Applications (BCA)

Currently Pursuing – Chitwan, Nepal
